September 7, 1976

The Honorable George Bush, Director
Central Intelligence Agency
Washington, D.C. 20505

Dear George:

Thank you for your response to our request for your Agency's help in developing our terrorist training program. We understand the restrictions under which your Agency must operate in assisting local law enforcement agencies.

Admiral Bayne of the National Defense University permitted Captain William E. Zidbeck of his staff to come to California and discuss the applicability of war gaming as it might apply to developing new insights into the complex problem of terrorism which faces State of California decision makers. Captain Zidbeck provided us with some excellent ideas on the art of gaming which we will adapt for our use. A scenario is presently being prepared and an exercise is planned for sometime in the Fall involving members of the Governor's Emergency Planning Council. This program will meet our needs for the present. However, we certainly appreciate your interest.

Sincerely,

A stylized, handwritten signature of Evelle J. Younger.
